EN 13772:2003

Anti-Bacterial

Name of test bacterial	Antibacterial value A
Escherichia coli ATCC8739	>6.5
Candida albicans ATCC10231	>5.2
Staphylococcus Aureus ATCC6538	>5.7

AATCC 100-2012
ISO 20743:2021
JIS L 1902:2008

Patent ELIM Hook

ELIM hook patented and unique. Welded glide hook installed in pre-pinned blocks to make curtain loading easy and very fast.

ELIM hooks are made of the same polypropylene material as the curtains. This ensures that the whole product is fully recyclable.

Double-layer Fabric

Double-layer fabric of first page which can effectively prevent the disposable curtains from becoming warped, wrinkled, and worn, thereby increasing the durability and aesthetics of the curtain.

U Shape
7.5m × 2m

L Shape
5.5m × 2m

Single Shape
3.75m × 2m

Mesh Disposable Curtain

Perforated Mesh Disposable Curtains

The length of the perforated mesh part is available in 0.5m and 0.6m options, and the standard height of the entire disposable curtain is 2.5m, with different sizes available for customization.

Polyester Mesh Disposable Curtains

Polyester mesh disposable curtain consists of two parts: polyester mesh and polypropylene nonwoven panel, mesh and panel are stitched together. Various colors and prints are available for selection. We also provide custom services if you provided us the design.

Snap-on Mesh Disposable Curtains

Snap-on mesh disposable curtains are designed to be easy to install and are available in a range of colors/patterns and sizes to suit different needs. When replacing, only the panel part needs to be replaced, and the cost is also saved.

Zipper Mesh Disposable Curtains

Zipper connection curtain knows the importance of changing curtains frequently to save time and money, changing takes less than 60 seconds with no need for ladders or tools. The replaced panel with multiple color and pattern options.

Disposable Shower Curtain

- **100% Polypropylene**
- **120gsm thickness**
- **Anti-bacterial**
- **Anti-mildew**
